Introduction	1
Part I: A New Practical Approach to Resistance to Change	11
Reframes the concept of resistance to change. Distinguishes Emotion-Based Resistance from Logic-Based Resistance. Redefines role requirements of change leaders. Describes what it takes for an organization to support efforts to manage resistance.	
Chapter 1	12
What Is Resistance to Change?	
Defines resistance to change—two distinct types: one logic-based, the other emotion-based.	
Chapter 2	26
Important Differences Between Emotion-Based and Logic-Based Resistance to Change	
Details differences between two types of resistance.	
Defines new role criteria for a change leader.	
Chapter 3	39
How Does Emotion-Based Resistance Sabotage Rational Problem Solving?	
Describes detrimental effects Emotion-Based Resistance has on our perceptions of rational problems affecting a change.	
Chapter 4	57
What Characterizes a Resistance-Friendly Organization?	
Focuses on attitudes and practices required to support a change leader’s efforts to manage resistance to change.	
Part II: How to Dissolve Resistance to Change	69
Identifies steps to eliminate resistance to change.	
Chapter 5	71
How to Gather Our Personal Resources	
Identifies personal resources we have that enable us to find stability and confidence for handling the pressure to change.	

Chapter 6	93
How to Dissolve Attachment to Fear	
Shows how to confront our fears of change. Describes a process for dissolving the disruptive effects our fears cause.	
Chapter 7	100
How to Dissolve Attachment to Loss	
Shows how to sort out real losses from perceived losses caused by change. Describes process for dissolving disruptive effects caused by distress over real loss.	
Chapter 8	115
How to Resolve Logic-Based Resistance and Respond With Integrity	
Identifies rational counterpart of Emotion-Based Resistance. Shows how to resolve Logic-Based Resistance. Discusses how to respond with personal integrity once Emotion-Based and Logic-Based Resistance are dissolved.	
Part III: Two Fundamental Applications	125
Describes two basic applications of this new approach to resistance to change— one at the interpersonal level, the other at the organizational level.	
Chapter 9	126
How to Conduct the Discussion to Dissolve Resistance	
Presents step-by-step guide for leading a conversation to help employees dissolve resistance to change.	
Chapter 10	154
How to Manage the Hidden Side of Change Leadership	
Shows how to spot devastating resistance throughout the organizational change process, beginning to end.	
Epilogue	176
Affirms the power within us to successfully confront all pressures to change.
